recognition

Provost Honors
University of California, San Diego

experience

FASTech Front End Developer Intern
Mar 2017 - Jun 2017

- Worked with designers and project manager in weekly collaborative design sessions to discuss UI specifications for new version of website
- Produced task flows, wireframes, and high-fidelity mockups using design tools such as Sketch and UXPin; also ensured the technical feasibility of UI/UX designs
- Maintained/modified current website, as well as code the new version of the website using HTML, CSS, and JavaScript

iChamba UI/UX Design Intern
Jan 2017 - Mar 2017

- Participated in weekly agile meetings with project manager and designers to develop wireframes, interaction flows, and detailed UI requirements
- Conducted user research, heuristic evaluation, and usability testing
- Produced high-fidelity mockups for new version of website using Sketch, and translating these mockups into clean, maintainable code

Garden Compass Web Developer Intern
Sept 2016 - Dec 2016

- Developed Node.js app that allowed plant experts to add, delete, edit, and post plant data and displayed this information in a table
- Helped convert Plant Care Calendar spreadsheet into a relational database
- Developed product using Agile methodology, utilizing user stories, stand-up meetings, and weekly iterations

CRBS Web Developer Intern
May 2016 - Sept 2016

- Edited, designed, and maintained portions of the NIF websites and its online documentation using HTML, CSS, and JavaScript
- Projects: Implemented interactive sunburst pie chart using D3.js, wrote web scraping scripts to expedite biological data curation, created/managed SQL database to store website information

projects

Enque UI/UX Designer
http://cse112oldproj.herokuapp.com

- A web application designed to streamline patient check-in process for small businesses; effortless checkin, form management, arrival notification, and data analysis dashboard

Frank UI/UX Designer
http://frank-app.herokuapp.com

- A fashion and lifestyle mobile application where users can post pictures of themselves/items, receive feedback on posts, and comment on other people's appearances (Username: test; Password: test123)

Personal Website
http://www.pariscrisdo.com

- Responsive profile with a focus on design, graphics, and animation to present information as a single web page - more projects listed here
